FRONTEND & UI/UX

I craft innovative solutions for enhanced user experiences.

KAMIL SAKHABUTDINOV

PROFILE

I've been in frontend development for four years.

During this time, I have worked with many technologies and with many teams, contributed to various projects and developed my own.

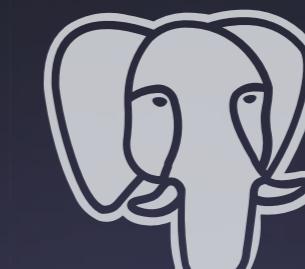

Over the past 2 years, I have continued to lean towards fullstack development, including UI/UX design.

Looking for new challenges and opportunities to improve my skills.
